CS-102 Logical Organization of Computers . Aims There are two views of computer architecture. The traditional view, dating back to the IBM System/360 from the early 1960's, is that the architecture of a computer is the programmer-visible view of the machine, while its implementation is the province of the hardware designer.

Academic : Department of Computer Science : University of Pune

As a multidisciplinary program, the Digital Media and Information Technology (DMIT) program offers students the opportunity to develop highly specialized skill sets for a wide variety of careers.
